DIARY NOTES

25X1A DD/S

4 March 1964

1. Bob Fuchs advised me that he has a short but interesting presentation which he could make at the DD/S Staff Meeting concerning actions they have been taking to redistribute gold stocks. I asked him to plan to do this at the next DD/S Staff Meeting.

2. Jim Garrison and [REDACTED] were in to brief me on the reasons for separating classified and unclassified contracts on the West Coast. The nub of it all is that they have only five unclassified contracts on the West Coast, and these are all with contractors with whom we also have classified contracts. In other words, from a workload point of view, they appear to be making good use of the personnel at hand, and there are valid security reasons for not having contractors with whom we have purely unclassified contracts visit or have any contact with our covert facility.

3. I lunched with [REDACTED] and discussed a number of things.

b. Summer employment: Inasmuch as any summer employees he would hire would be under commercial cover, I told him that I would certainly be willing to consider a proposal for a sort of summer employment program if he could demonstrate an absolute need for it; he will submit a proposal.

c. Jack felt very strongly that [REDACTED] his Logistics Officer and a grade GS-12 in a grade GS-14 position, should be promoted. I asked him to take up this matter with Jim Garrison.
